- Recyclables (*glass, plastic & metal*)
- Soiled litter & pet waste
- Styrofoam
- Textiles
- Vacuum dust
- Waxed paper

The organic waste collection takes place every week on the day of your regular waste collection.

Place the green bin with wheels facing away from the road and 2 feet away from parked cars, fence, and obstructions by 7a.m.

Tips & Tricks

- **Line the Bin:** Use compostable bags or newspaper to contain messes.
- **Freeze Scraps:** Wrap meat and fish in paper, freeze until collection day.
- **Layer Waste:** Alternate food scraps with yard trimmings or cardboard to absorb liquids.
- **Rinse Often:** Wash your bin with water and vinegar regularly.
- **Reduce Smells:** Add baking soda, citrus peels, or coffee grounds.
- **Stay Cool:** Keep your bin in a shaded, ventilated spot.
